New W60 TRUESIGHT* Auto-Darkening Filter

Power, Precision, Performance

Professional, experienced welders know the value of an auto-darkening filter that not only adapts to changing welding environments, but that also can be optimized for user-control. We worked with welders to help design an ADF that would allow total control without compromise, quick one-touch adjustment, and improved visibility. The result? **The TRUESIGHT* ADF.**

TRUESIGHT* is the latest ADF in the premier W60 Performance Tier from the JACKSON SAFETY* Brand. The TRUESIGHT* ADF really is power, precision and performance in one. You have to see it to believe it.
