

Premium Split Deerskin TIG Glove

High-quality split deerskin provides a unique combination of softness and durability.

25D-BLK

Sizes: S, M, L, XL

dragpatch®

EXCLUSIVE DRAGPATCH®
for extra insulation while the
hand is resting on or sliding
across a welding surface

KEVLAR® STITCHING
provides greater
protection against
sparks, with better
abrasion resistance

**UNLINED PALM
AND BACK**
for superior dexterity

Targeted Applications & Industries

With soft unlined deerskin leather for high dexterity, and the exclusive DragPatch® side reinforcement, this glove is ideal for TIG welding applications.

Our exclusive DragPatch® side reinforcement provides extra comfort and insulation while your hand is resting or sliding across a welding surface.

Deerskin is lightweight, yet highly durable. It is also ultra-soft, supple, and comfortable with a spongy feel. This unique combination of softness and durability offers the best feel, fit, and dexterity for TIG gloves.
