

NEW Toughcut™ Select Combo Packs

Where Performance and Safety Meet

Why Toughcut™ Combo Packs

- ▶ They are an easy and economic way to make changes to your oxy-fuel system without needing to buy a full outfit.
- ▶ Each pack includes our Toughcut cutting attachment featuring:
 - 3-tube construction to keep gases separate until mixed at the tip for safety
 - A stainless steel ball torch valve to resist gall for smooth flame adjustments
 - A durable silver brazed torch for strength and rigidity
 - A hand-tighten torch and attachments for quick change and longer service

Torch and Tip Packs

- ▶ Graft-Tite™ soft seat protects tip seat from nicking for longer use
- ▶ Gases are mixed at the tip for safety and resistance to flashback
- ▶ Fully swagged smooth tip for fast starts and minimizing slag build-up
- ▶ Removable high-pressure seat for easy cleaning from back of tip

Torch and Regulator Packs

- ▶ Series 30™ regulators with nickel-plated bonnet for corrosion resistance
- ▶ Exclusive Sure Seat™ filter protects seat from debris for reliable operation
- ▶ Auto-resetting relief valve releases damaging excess pressure
- ▶ Easy-read 2-inch gauges with shatter-resistant polycarbonate lenses
