

WE BUILD FOR THE UNEXPECTED

NEW

XMT® 400

Discover the latest member of the XMT family. With Intellix™ wire feeder compatibility, the new XMT 400 can unlock advanced process capabilities and is backed by legendary Miller reliability. So, no matter how busy the shop gets, you can stay in the zone all day.

KEY BENEFITS

SCALABLE SOLUTIONS

The XMT 400 is compatible with any Intellix wire feeder, allowing it to adapt to your needs. The Intellix Pro enables Accu-Pulse®, while the Intellix Elite unlocks a full suite of advanced processes.

STEADFAST RELIABILITY

Built to perform and uphold the legacy of reliability that defines the XMT family of machines.

EASY TO USE

A familiar, user-friendly interface allows operators of all skill levels to quickly set up and switch between processes.

SPECIFICATIONS

Industrial Applications	<ul style="list-style-type: none">• General manufacturing• General fabrication• Transportation• Sheet metal fabrication• Light-gauge tube and sheet• Power generation plants	<ul style="list-style-type: none">• Pipe fabrication• Education• Repair shops• Construction• Rental fleets
Processes	<ul style="list-style-type: none">• MIG (GMAW)• Flux-cored (FCAW)• Stick (SMAW)• TIG (GTAW)• Accu-Pulse® (GMAW-P)• Air carbon arc cutting and gouging (CAC-A) <p>Rated: 5/16-inch carbons</p>	<ul style="list-style-type: none">• Versa-Pulse™ (GMAW-P)• High-deposition MIG (GMAW)• Regulated Metal Deposition®
Input Power	Auto-Line™, 208–575V, requires 3- or 1-phase power	
Output Range	10–38V, 15–425A	
Net Weight	75 lb. (34.0 kg.)
