

Safety Data Sheet

# SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Product name : Nylon Nylox Brushes

1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/mixture : Cleaning, Deburring and Finishing Metal Components

### 1.3. Details of the supplier of the safety data sheet

Weiler Corporation 1 Weiler Drive Cresco, PA 18326

#### 1.4. Emergency telephone number

Emergency number : 570-595-7495

### **SECTION 2: Hazards identification**

### 2.1. Classification of the substance or mixture

This product as manufactured is defined as an article per 29 CFR 1910.1200. No exposure hazards are anticipated during normal product handling conditions. In most cases, the material(s) removed from the workpiece may present a greater hazard than material released by the product. Based upon the materials that are contained within the working portion of this product it is possible that some dust particles from this product may be generated. The following safety data is presented for potential exposure hazards as associated with the dust particles that are related to this product.

#### **Classification (GHS-US)**

Not classified

#### 2.2. Label elements

#### **GHS-US** labeling

This product as manufactured is defined as an article, therefore no labeling is required for the product as manufactured.

#### 2.3. Other hazards

No additional information available

# 2.4. Unknown acute toxicity (GHS-US)

Not applicable

### **SECTION 3: Composition/information on ingredients**

### 3.1. Substance

Not applicable

# 3.2. Mixture

Name	Product identifier	%	Classification (GHS-US)
Dodecanedioic acid, polymer with 1,6-hexanediamine	(CAS No) 26098-55-5	> 98	Not classified
Stabilizer, lubricants and colorants	None	< 2	Not classified
Silica	(CAS No) 7631-86-9	< 2	Not classified

Full text of H-phrases: see section 16

First-aid measures after eye contact

First-aid measures after ingestion

# **SECTION 4: First aid measures**

# 4.1. Description of first aid measures

First-aid measures after inhalation

: No specific intervention is indicated as the compound is not likely to be hazardous by inhalation. Consult a physician if necessary. If exposed to fumes from overheating or combustion, move to fresh air. Consult a physician if symptoms persist.

First-aid measures after skin contact

: The compound is not likely to be hazardous by skin contact, but cleansing the skin after use is

advisable. If molten polymer gets onto skin, cool rapidly with cold water. Do not attempt to peel polymer from skin. Obtain medical treatment for thermal burn.

: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Call a physician.

: No specific intervention is indicated as compound is not likely to be hazardous by ingestion. Consult a physician if necessary.

09/04/2018 EN (English US) Page 1

# Safety Data Sheet

### Most important symptoms and effects, both acute and delayed

Symptoms/injuries after inhalation : Dusts may cause coughing, shortness of breath. Prolonged breathing of dusts may affect

breathing capacity.

Symptoms/injuries after skin contact : Dusts may cause irritation. May cause abrasions. Symptoms/injuries after eye contact Dust may irritate or damage the eyes without protection.

: None under normal use. Symptoms/injuries after ingestion

# Indication of any immediate medical attention and special treatment needed

No additional information available

# **SECTION 5: Firefighting measures**

# **Extinguishing media**

Suitable extinguishing media : Use water, carbon dioxide, foam or dry chemical.

Unsuitable extinguishing media : None.

### Special hazards arising from the substance or mixture

Fire hazard : Large molten masses may ignite spontaneously in air. Water quenching of such masses is

good practice.

**Explosion hazard** : None known.

#### 5.3. Advice for firefighters

Protection during firefighting : Firefighters should wear full protective gear.

### SECTION 6: Accidental release measures

# Personal precautions, protective equipment and emergency procedures

#### For non-emergency personnel 6.1.1.

No additional information available

#### 6.1.2. For emergency responders

No additional information available

### **Environmental precautions**

None.

#### 6.3. Methods and material for containment and cleaning up

For containment : No special measures required.

Methods for cleaning up : Sweep up to prevent a slipping hazard.

# Reference to other sections

No additional information available

# **SECTION 7: Handling and storage**

# **Precautions for safe handling**

Precautions for safe handling : Handle with care, avoid impact.

# Conditions for safe storage, including any incompatibilities

Storage conditions : Store in a cool, dry place. Keep containers tightly closed to prevent moisture absorption and

contamination.

# Specific end use(s)

No additional information available

# SECTION 8: Exposure controls/personal protection

### **Control parameters**

Dodecanedioic acid, polymer with 1,6-hexanediamine (26098-55-5)		
ACGIH	Not applicable	
OSHA	Not applicable	

09/04/2018 EN (English US) 2/5

# Safety Data Sheet

Silica (7631-86-9)			
IDLH	US IDLH (mg/m³)	3000 mg/m³	
NIOSH	NIOSH REL (TWA) (mg/m³)	6 mg/m³	

Note: Consideration should be given to the base material and coating that are being worked upon.

#### 8.2. Exposure controls

#### Appropriate engineering controls:

Utilize adequate ventilation to minimize the exposure to airborne particulates and maintain the concentration of contaminants below the occupational exposure limits.

### **Respiratory Protection:**

When exposure limits are exceeded or when the dust concentrations are excessive, approved respirators for those conditions should be used. When selecting the respiratory protection equipment, consideration of the exposure to the coating or the base materials being worked on should be included. Local regulations and standards should be followed where appropriate. The type of respiratory equipment used should be selected according to the contaminate type, form and concentration being produced. Select and use respirators in accordance with applicable regulations and good industrial hygiene practice.

#### Hand protection:

The use of cloth or leather gloves is recommended.

#### **Eye Protection:**

Safety googles or face shield over safety glasses with side shields.

# **Hearing Protection:**

Hearing protection may be required.

# Skin and body protection:

The use of protective clothing should be used as needed to prevent the contamination of personal clothing.

# **SECTION 9: Physical and chemical properties**

# 9.1. Information on basic physical and chemical properties

Physical state : Solid
Appearance : Filaments
Color : Colourless.
Odor : Odorless

: No data available Odor threshold рΗ No data available Melting point : No data available No data available Freezing point : No data available Boiling point : No data available Flash point Relative evaporation rate (butyl acetate=1) : No data available Flammability (solid, gas) : No data available **Explosion limits** No data available Explosive properties : No data available : No data available Oxidizing properties Vapor pressure No data available Specific gravity : 1.22 - 1.38 Relative vapor density at 20 °C : No data available

Solubility : Insoluble

Log Pow : No data available
Log Kow : No data available
Auto-ignition temperature : No data available
Decomposition temperature : No data available
Viscosity : No data available
Viscosity, kinematic : No data available

09/04/2018 EN (English US) 3/5

# Safety Data Sheet

Viscosity, dynamic : No data available

### 9.2. Other information

No additional information available

# SECTION 10: Stability and reactivity

### 10.1. Reactivity

No additional information available

# 10.2. Chemical stability

The product is stable at normal handling and storage conditions.

### 10.3. Possibility of hazardous reactions

Will not occur.

# 10.4. Conditions to avoid

Heating above 340 degrees C

# 10.5. Incompatible materials

Strong acids and oxidizing agents

### 10.6. Hazardous decomposition products

Cyclopentanone, carbon monoxide, aldehydes, ammonia

# **SECTION 11: Toxicological information**

### 11.1. Information on toxicological effects

Acute toxicity : Not classified

Skin corrosion/irritation : Not classified Serious eye damage/irritation : Not classified Respiratory or skin sensitization : Not classified Germ cell mutagenicity : Not classified Carcinogenicity : Not classified Reproductive toxicity : Not classified Specific target organ toxicity (single exposure) : Not classified

Specific target organ toxicity (repeated

exposure)

: Not classified

Aspiration hazard : Not classified

# **SECTION 12: Ecological information**

# 12.1. Toxicity

Silica (7631-86-9)	
LC50 fish 1	5000 mg/l (Exposure time: 96 h - Species: Brachydanio rerio [static])
EC50 Daphnia 1	7600 mg/l (Exposure time: 48 h - Species: Ceriodaphnia dubia)

No additional information available

# 12.2. Persistence and degradability

No additional information available

# 12.3. Bioaccumulative potential

Silica (7631-86-9)		
BCF fish 1	(no bioaccumulation expected)	

No additional information available

09/04/2018 EN (English US) 4/5

# Safety Data Sheet

### 12.4. Mobility in soil

No additional information available

#### 12.5. Other adverse effects

Effect on ozone layer : No additional information available

Effect on the global warming : No known ecological damage caused by this product.

# **SECTION 13: Disposal considerations**

### 13.1. Waste treatment methods

Waste disposal recommendations : Dispose of contents/container in accordance with local/regional/national/international

regulations.

# **SECTION 14: Transport information**

# **Department of Transportation (DOT)**

In accordance with DOT

Not a dangerous good as defined in transport regulations

# **SECTION 15: Regulatory information**

#### 15.1. US Federal regulations

### Dodecanedioic acid, polymer with 1,6-hexanediamine (26098-55-5)

Listed on the United States TSCA (Toxic Substances Control Act) inventory

### Silica (7631-86-9)

Listed on the United States TSCA (Toxic Substances Control Act) inventory

#### 15.2. US State regulations

Silica (7631-86-9)				
U.S California - Proposition 65 - Carcinogens List	U.S California - Proposition 65 - Developmental Toxicity	U.S California - Proposition 65 - Reproductive Toxicity - Female	U.S California - Proposition 65 - Reproductive Toxicity - Male	No significant risk level (NSRL)
Yes	No	No	No	

### Silica (7631-86-9)

- U.S. Massachusetts Right To Know List
- U.S. Minnesota Hazardous Substance List
- U.S. New Jersey Right to Know Hazardous Substance List
- U.S. Pennsylvania RTK (Right to Know) List

# **SECTION 16: Other information**

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product
